Fashions Usher in Fall

AREN'T you just eager to select a new Autumn costume—one in which you can promenade down the avenue feeling very proud of your appearance, and buoyantly confident in the smart impression you will make? Displays of new apparel are now interestingly complete and holding many surprises in store for the shopper.

A Suit to Wear Immediately

Wonderful Suit days we are having. A smart style chosen from this assortment with a flaring box jacket and uniquely embroidered in the Russian manner will give you a world of service before winter comes. And there are many other styles including many lovely three piece costumes.

Fall Frocks Flaunt Panels

Sometimes the panels are dropped far below the hemline to very cleverly simulate the longer skirt decreed for Fall. Or again they are designed of pleated georgette on a Rene crepe Frock, thus introducing texture variety and frequently even color contrast when the panels are faced in a brilliant shade.

Wraps Enchanced By Furs

And it is not only their luxurious fur trimmings of caracul, squirrel and fox that makes these wraps so handsome either. The new pile fabrics, marleen, paloma and fashona are of an exquisite texture, and their rich blue, brown and gray colorings are an added loveliness. To draw the generous folds of one of these wraps close about you—that is luxury.

Priced \$29.50 to \$225.00.

Adelphos.
Allan Dwan's production for May flower of his own story, "The Sin of Martha Queed," as showing at the Adelphos Theater Thursday and Friday. Is a drama with a big idea behind it. And in the telling Mr. Dwan is said to have created some scenes that for power are dynamic, others that for tenderness are poignant, some that for brutality are maddening, and many that for beauty are exquisite.

Princess.
Can a picture be funny and thrilling at the same time? Nine people out of every ten will reply, "no" and in the majority of cases they are right for it is the most difficult task in the making of motion pictures to inject a thrill in a purely comedy story—particularly is this true when that comedy is a broad travesty on some serious subject. But in "Married Life" the new Mack Sennett five reel super comedy distributed through the Associated First National Pictures, Inc., due at the Princess Theater Thursday and Friday.

YANKS GAIN ON BROWNS; SISLER MISSED IN TILT

Pittsburgh Cut Down New York's Lead in National to Five Games by Double Win.

CHICAGO.—Although obtaining only an even break with the Chicago White Sox in the opening skirmish over the western invasion, the New York Yankees gained on the St. Louis Browns who showed the effects of the absence of their injured star, George Sisler, and lost to Boston 3 to 1.

Faber fielded the Yankees to five hits in the first game, while his teammates pounded Sam Jones to win 7 to 3, but Waite Hoyt aided by Pipp's big bat, saved the second 6 to 3. The American League champions now hold a margin of a game and a half over the Browns.

The Pittsburgh Pirates cut down New York's lead in the National League to five games by pounding out a double victory over the Boston Braves, 8 to 1, and 6 to 1, while the Giants hammered their way to victory over the Chicago Cubs 8 to 3. The St. Louis Cardinals went on a batting rampage against Philadelphia, taking a double bill by scores of 13 to 4 and 11 to 1.

Brooklyn nipped out Cincinnati 3 to 2 aided by Wheat's timely single.

The Athletics outdid Detroit but lost 6 to 5, while Mogridge pitched shut-out ball against Cleveland until the ninth, Washington winning 4 to 1.

"HOLE IN ONE" MAN TO HOLD TOURNAMENT

CLEVELAND, Ohio. — An unusual golf competition is on the boards for this afternoon at Westwood country club here. It is a tournament for golfers who have made a "hole in one" and is said to be the only tournament of its kind ever held in this country.

Calcium Arsenate Too Expensive for Oklahoma Farmers

STILLWATER, Okla.—Poisoning of boll weevil with calcium arsenate is a sure riddance to the pest, but far from being profitable, according to J. A. Evans, cotton specialist of the United States department of agriculture, here recently.

With proper application, calcium arsenate will keep the boll weevil menace absolutely under control, Evans said, but experiments have shown that it is unprofitable to use this chemical on fields which produce less than one-half bale to the acre.

This means that the poisoning would not prove profitable on two-thirds of the cotton of the state, as the work of the poison depends on simultaneous falling of dew with application. As dew is not regular in this state, this would prove an obstacle to efficiency, Evans said.

The seven languages spoken in the British Isles are English in England, Welsh in Wales, Erse in Ireland, Manx in the Isle of Man, Gaelic in Scotland, French in the Channel Islands and Cornish in Cornwall.
